were there by that time, and the giant
captain of the No. 1, John Sullivan, followed by several of his men, hastened
to the Caraboli woman's door. It would
not open, so they smashed it in.

The two women were almost suffocated when rescued, and their bure feet
were badly scorched. The firemen
found the old woman had three bolts,
a spring lock, an ordinary lock and a
chain on the inside of her door, and a
padlock on the outside.

When aroused by the smoke the
women couldn't get the door open.
The old woman declares that somebody
had fastened the outside lock, but the
firemen say this was not true. It is
their opinion that in her excitement she
failed to slip one of the bolts inside.

DUEL CHALLENGE AFTER WAR OF WORDS IN DIET. Ro

BERLIN, March 17 .- An incident in the debate in the Prussian Diet yester- and was picked day, when the estimates were being discussed, resulted in a challenge to a duel. Diederlich Hahn, Agrarian, made the statement that Jewish bankers had supplied campaign funds for the election of radical members, and to this remark Herr Goldschmidt, Radical, exclaimed: "What impudence!" Seconds from Hahn thereupon wated on Goldschmidt in the lobby of the House and challenged him to light.

Goldschmidt refused on ethical grounds. He refused also to withdraw the expression which had given offense unless Hahn withdrew the provocative with the statement of the cocurrence because the two men are members of the court of the cocurrence because the two men are members of the court of the cocurrence because the two men are members of the court of the cocurrence because the two men are members of the court of the cocurrence because the two men are members of the court of the cocurrence because the two men are members of the court of the c when the estimates were being

fected with poisonous germs or some old blood taint which corrupts and pollutes the circulation. Nothing is more trying than a non-healing, chronic old ulcer. The very fact that it resists all external applications, and ordinary treatments, is good reason for alarm, for the same germ which produces cancerous ulcers is back of every old sore, and especially is this true if the trouble be from any inherited taint. Surface treatment cannot reach the trouble—the blood is at fault and must be purified before a cure can be hoped for. In S. S. S. will be found a remedy for sores and ulcers of every kind. It is a perfect blood purifier—one that goes directly into the circulation and promptly cleanses it of all impurities, poisons and taints. The ulcer can never heal while the blood discharges into it the noxious matter with which it is infected, but when 8. S. S. has rid the blood of this cause and freshened and built up the circulation the sore will heal naturally, and of its own accord. S. S. begins at the bottom and heals the place as it should be healed and makes a permanent and lasting cure. Book on Sores and Ulcers and any special medical advice free to all who write.
